

# State Forms

the quarterly state unemployment forms generator

CertiflexDimension

CertiflexDimension State Forms generator creates actual state unemployment (SUTA) forms for filing with the appropriate taxing agencies. The flexible add-on module pulls actual employee pay data from CertiflexFlex Payroll or Client Write-up exclusively. State Forms generator requires a current version of CertiflexFlex software.

This time-saving, error-reducing SUTA report generator supports states most often requested by our customers. If your state is not listed, please contact our sales department for a current list.
